

# Bog Garden AT BENJAMIN PARK

*A wetland home to numerous  
wildlife species and native plants*

*Escape!*

1101 Hobbs Road at  
Starmount Farms Drive

Located in the center of Greensboro's urban setting is one of the city's most unusual gardens. In contrast to formal garden settings, the Bog Garden is much like a nature preserve.

The garden features an elevated boardwalk which meanders through 7 acres of natural wetlands. Stone pathways traverse a forested hillside, and visitors can enjoy the sounds of water at Serenity Falls – a re-circulating waterfall – while viewing the many varieties of plants, birds, and other wildlife inhabiting the area.

## Bog Garden Key Guide

|   |  |    |                                  |
|---|--|----|----------------------------------|
| E | Entrance                                   | 7  | Starmount Farms Lake             |
| i | Information                                | 8  | Natural Area                     |
